Title: *Professional Certification Record – AI & Data Fields*

Contents:
A compiled list of certifications acquired to demonstrate continuous upskilling and domain-specific learning.

Key Highlights:

- Certification in Applied Machine Learning — Verified by Online Tech Academy

- AI Engineering Foundations — Self-paced completion via certified MOOC

- Data Analysis with Python — 60-hour structured training with capstone

- Completion Badge: LLM Prompt Engineering (Hackathon Edition)

- Workshop: "Deploying LLMs in Production Environments"

All certifications were awarded between 2024 and 2025 as part of a transition into the AI/data space.
